“ John and I got to know Brad through JoAnn during Holden's Sesquicentennial celebration. When we had the opportunity to visit with Brad we always enjoyed listening to him give his perspective on many interesting subjects and it usually involved a little humor. His technological knowledge and drive to succeed led him to be an exceptional Entrepreneur. He was amazing at what he accomplished. We will miss Brad and his humor. Rest in peace friend.

“ Oh Jo Ann, I'm so sad to hear of Brad's passing. What a good man, and champion of the 2nd Amend. he was! Many years ago we worked the WMMSA table at gun shows, and he introduced myself, and so many others to the CMP program too. He sure loved his cats, but more than anything, he loved you Jo Ann. I'll never forget the joy he expressed, when you came into his life. His happiness at finding you made him glow! May Brad's memory be eternal. May God's love lighten your sorrow.

“ I remember Brad very well as he was extremely humorous. My older brother and my dad worked for him at the bullet company and thats how i met him. However, my most treasured memory of him was that I had a big road-trip going to San Diego from my then home of Holden, MO on my 2004 Harley Davidson Sportster 1200. On my way home, I had a minor breakdown and I called my dad (while he was working at the bullet company) and I told him I was okay but I was dealing with the bike not getting fuel and/or "fire". While my dad was on the phone with me, Brad was in the same room hearing the conversation and Brad told my dad to tell me that if I needed help fixing my bike he would give me his credit card number to not only fix my bike but also said, if needed, would get a hotel room for me if the bike didn't get fixed that day. It was a \$40 bill all because of a pinched fuel line that was repairable. Even though it was just a simple and cheap problem, Brad offered his finances to help me fix my bike no matter what was wrong with it. I was just east of El Centro, CA when I broke down and I was towed to the Harley dealership in Yuma, AZ. Thank you Brad for being so selfless in my time of need regardless of what had to be fixed. When I heard the news of your passing, I was very upset and couldn't help but shed a few tears. One day, I'll eventually buy another sportster and when I do, I will be putting on a memorial decal in your name in dedication to your upmost, high quality generosity right on the gas tank. Rest in peace my friend.
