“ There was a family get together at my sister Sharon's house and my niece Clarissa made Jason and I a snack with crackers and we loved it and the very special way she prepared it. Jason always encouraged all the kids in their experiments and interests in life. It was just another time in our lives that made us all laugh and does every time we think about it. Ask Sharon and Clarissa for the whole story. But it was another time in our life that truly showed the beautiful loving one of a kind (Jason's) character and the love that he had for family and friends. And it's those times we hold near and dear to our hearts. You will never be forgotten Jason. I love and miss you and will till we meet again. I'm thankful for the time God gave us with You and family especially with Cara, Zack Rachel and Austin. I love you all
