“ My name is Jane Lee in Christmas Florida. I met Bobby some years ago and we quickly became friends and I became very fond of Bobby we spent a lot of time together. we both loved Chinese food so every Wednesday we would go out to eat and we went to food pantries together a lot/ when Bobby moved to Apopka I was so sad to see him leave Christmas. He came by to see me before he left for MO. as upset as I was thinking I would never see my dear friend again, he explained that he needed to be with family. I have missed him so much and seeing this obituary for the first time today my heart has broken. I will never forget my dear friend and will always love him.

“ My big brother Bobby was my first father like figure. When I was around 14 he hired me as his apprentice as we scoured the county to find fallen tv antennas after a big storm. Bobby and my other big brother John took me on my first deer hunting trips. Sometimes it was just me and bobby. he always brought a giant thermos of chicken noodle soup. Boy that was great in the middle of the woods in the middle of a cold day in Northern Michigan.

But it was the last 5 years that was the best. He drove up from Florida and asked if he could stay with us. After a few months he bought a cabin to place close to my house. Bobby loved my kids and they loved him too. He would make cookies and homemade bread and surprise us with these treats. He bought me a 900.00 ham radio for my Christmas present last year. He was always there for advise and help with what ever we were working on.

We homeschool, and Bobby loved to teach the kids about soldering and circuits and electrical things.

He was a great brother and a best friend and a super kind uncle to my kids. He was so happy always telling us his was living the best life with everything he wanted within arms reach in his cabin.

Bobby is sorely missed by all us here. There will forever be a void in our life. Rest in Peace my dear brother and friend. Peace Out bro.....
