“ I have so many memories of my Aunt Bonnie. We were not biologically related but she was a dear friend to our family. I remember my sister and I staying with her and Uncle Ralph when my parents were out of town. All those precious dogs. The chihuahuas named after the Peanuts characters and Pudgy the collie. We'd brush Bonnie's hair at bedtime. She'd come over to our house after her beauty shop appointments to sun at the pool and make us promise not to dunk her. Next thing you know a film of glitter hairspray was floating on the water. And she was laughing. Always hilarious and laughing. She never missed a birthday party. I remember this darling little tube sweater top and cardigan she brought me from Mr. D's for my fourteenth. Bonnie took my sister and me to see *A Ring of Bright Water* at the movies. I can remember like yesterday her bawling her eyes out at the ending. Just a few years ago I saw an otter at a pond. My mind zoomed back to Aunt Bonnie. I do believe we each have a personalized heaven. And I do believe Bonnie is enveloped by the many critters and people who loved her so. Perfect that her send off photo shows her nestling Chester. Rest In Peace, Aunt Bonnie. Save me a seat. Love, Susie.
