“ Eddie will be missed by his friends, family and community. He was always friendly and made sure to talk to everyone when he was around. I got to talk to him often when he was attending school events or sports activities for his children. He was very proud of his kids and enjoyed watching them participate in any activity they chose to be a part of. He was always happy to see them doing things that made them happy. He really loved being a father and watching his kids grow up. He was always an amazing person to talk to. He seemed happy to be around his family and was kind to everyone he knew. He was someone who could make those around him happy by just being who he was. He always seemed to have a smile on his face, especially when he was talking about his kids. He was very proud of them. He seemed to truly enjoy being at their activities and watching them have fun. His family was very important to him. He has a big heart and was an awesome person. He will be missed by everyone who knew him.
