“ Gayle was a friend and a great person to be around. The Taylor family had such a positive impact on me and the person I am today. I spent a lot of time with the Taylor family growing up and playing cards at the kitchen table on the weekends. I always liked to make people laugh and Gayle was no exception. I remember one night everyone was playing cards and Gayle had gotten up and stated she was going to take a shower. I shared with everyone at the table I was going to hide in the shower and scare Gayle. I walked to the bathroom very quietly and pulled the shower curtain back and stepped into the tub and pulled the curtain back so Gayle would not see me. Gayle came to the bathroom and shut and locked the door. I waited a few seconds and then let out a scream and opened the shower curtain. I will never forget that look on Gayle's face as she clinched her fist and took a fighting stance. Gayle then told me if I would have been a few seconds later I would have been taking a shower with her as that would be her way of getting back at me. When I think of this moment even as the years pass, I still chuckle about that day. There are so many good memories of Gayle that we will never forget. I would always tell Gayle that I would dream of meeting her in my dreams and that was always a long running joke with us. Gayle you will be truly missed and I will meet you in my dreams.
