“ *Goldie was a wonderful woman who loved each member of her family deeply. She enjoyed every second she spent with those she held close to her heart. If you ever needed an honest opinion regarding anything, you could trust her to tell you what she thought. Her advice always came from a place of love. She was always willing to visit with anyone who just wanted to see her or those who needed to see her. She took care of anyone who she could help in the most gentle way possible. (She got mecuricone I instead of iodine to treat scrapes or cuts because it wouldn't sting as bad, but still disinfected the injury.) She will be missed. She was loved by so many people who were lucky enough to get to know her.*
