“ I remember spending time on the farm. I most remember a time that Walter set me over some fence and out from nowhere came these what seemed to be some very hungry geese who thought I was their lunch, ...Aunt Harriott let me help her make peanut butter cookies so I would calm down.

I don't remember for sure if this was the same visit or not but I remember sitting at the dinner table for hours after dinner was over...Aunt Harriott had made spinach with meatloaf. I just remember my cousin Robert and my uncle Don laughing about my lengthy stay at the dinner table.

Just so Im clear about this, I just want everyone to know I would of given anything to of been able to of been a member of this family....there was so much love in this home and structure, responsibility....you woke each morning by the sound of a rooster that was the alarm clock no batteries needed, to the smell of a breakfast made for a king.got up early to do your chores, no matter what the weather. I always felt safe on the farm like nothing or no one could hurt me!

My aunt harriott was the CENTERPIECE of their family,
You have instilled a gift inside my heart that I will carry with me forever!

I LOVE YOU ALL
