“*Herb and Ruby were long time friends of my grandparents Keith and Doras Mahnken and I haven't seen Herb for several years but I do remember that he and Ruby were good company and I always liked to stick around when they stopped by grandma and grandpa's to visit. Herb was probably my grandpa Keith's best friend and they spent quite a bit of time going to air shows and building model airplanes. I know it became difficult for grandpa Keith to get around but Herb was patient and went out of his way to get him out to enjoy the weather and outside the house. My grandma Doras and I took care of grandpa Keith at home and it meant so much to her and I because it really improved his state of mind. My grandpa eventually became bedridden and was a total shut in, my grandma hardly left his side and I remember Herb and Ruby both visiting and helping us out with things every once in a while. They were also there for my family when grandpa Keith passed away. Although I haven't seen him in many years I never forgot how much Herb meant to my family and I'm thankful for knowing him the brief amount I did. Without a doubt he's in heaven and I know he is going to be missed. My thoughts and prayers are with your family and loved ones during this time.*

*Sincerely,
Melissa Mahnken*
