“ *We were both in class with Marjorie in high school. Since graduation in 1956, she has been the one who kept all of the class members in touch. When time came for class reunions we always turned to her for contacts and information on class members. She always was willing to make arrangements for meeting places, programs and even handled the checkbook to pay bills. Even though sometimes she had assistance she was always the go-to person at these times. She always was willing to help. She will be missed. We will be making a memorial donation to the Holden Parks and Recreation Playground Project in her memory

“ *I met Margie in 1989 after the birth of our first child. She was first a god send, then mentor and finally a friend. Her down to earth approach to life is a gentle reminder to us all to appreciate the simple things and keep those we love close. May God bless your family and know that the impact you had on so many will go on forever. We will miss you my friend.*

“ I knew her as aunt Margie. I remember that she always sent us birthday cards. I also thought it was so kind of her to send my grandma Ruby hall letters during her last year's I remember reading them to her and even on her bad days they made her smile.
