“Mendy and I are first cousins and it saddens me to say we did not grow up together, but when we were 13 we got to spend the summer together in Blue Springs. Summer of 1969 we had discover boys and music and when it was time for me to leave we cried and promised each other we would write often and every time we heard our favorite song we would think of each other. "Leaving on a jet plane" by Peter, Paul and Mary. We did keep in touch through the years not as much as we could have. And there were a few visit to Missouri but it wasn't until this year with her diagnosis we talked on a weekly basis. And got to know her more on a personal level and I will always be grateful for that. I love you Mendy I will miss you but I know some day we will be together again. 💔

“ So many memories of Mendy. We met at work and she was my rock. The customers loved her upbeat, happy personality. She loved her family with all of her heart and we didn't hesitate to bring Tena and Lora, and my daughter Ashlee, in to help. For a while it was a family affair but Mendy made going to work fun. She was truly a blessing to all who knew her.
