“ *Though I hadn't seen her as much as I should have in the past few years, my aunt was the woman I admired the most. She raised 2 small children on her own after Uncle John died, took care of my grandparents (my dad's parents) when she didn't have to, worked the farm, mowed yards, and cleaned local churches. Not once did you ever hear her complain. She never let life get her down - no matter how hard it could be at times. I will always remember the Saturday night visits to watch World Wide Wrestling at our house, playing baseball, and Sunday family dinners. I am just sad that after my mother passed away it was harder to maintain that family closeness - life gets busy, but we all need to remember that family is our life and slow down just a bit. She will be greatly missed by all who knew here and by those who hadn't yet had a chance to know her. She will always be in my heart. My prayers and thoughts go out to my cousin and her family today as they scatter her ashes over her final resting spot. May God see you through the darkness into the light. Best friend, Hunting buddy and Aunt.

Merrley was a very petite Native American woman that was tough as nails, a hard worker, and always willing to help others. She will be dearly missed by her family, friends and the community of Holden. Merrley and my late wife Geri were close friends before Geri's untimely death in the 70's. I'm sure they're clowning around in Heaven now, With Merrley pretending the animals were talking in a hilarious way, as she often did.

I was lucky enough to have Merrley as my Aunt twice. She married my mother's brother, John Love. They had 2 children together; Patty and John jr.

John Love past away to early in life, while the children were still very young.

Years later, my father's brother retired from his Navy career and came back home to live. Eldon Blum and Merrley Love met at the family Christmas celebration and this led to their marriage. Her son John jr. and Eldon preceded her in death.

“ Aunt Mert as we called her was a very kindhearted woman. She was never too busy to stop and take a moment to chat to find out how we doing. She made you feel like you mattered to her. We were always so amazed at the energy she had in her later years and how she never stopped going. We will miss her. Tim and Brenda Blum
