“ Nancy also taught in Pleasant Hill in the early 1970's. She introduced our PE classes to the "Chicken Fat" exercise routine, and she always made exercising fun!

“ You will be missed Nancy. I am sure you and mom will now be having some long conversations, playing UNO, visiting, and most of all laughing. You have been a friend since 1967 when you first moved to Holden to teach and lived in an upstairs apartment in an old two-story house on 4th & Vine west from us on 4th & Clay (both houses from that time period are now gone).

You were my study hall teacher in junior high and were first to recognize I had a vision problem. My first pair of glasses were because you cared to be not just a teacher but a friend. You had a unique sense of humor and an infectious smile. You continued visiting and checking on mom for many years of friendship.

After you bought your house (current residence) next to Chester & Edith Pieron's (John's parents), you had me mow your lawn for a few years. My dad had bought a small old school bus from Alvin Anderson and converted it into a camper for hunting/fishing. You went with us on that camper/bus for a short summer vacation in southern Missouri and for a short time also dated my brother.

It was always a joy to see you and visit. Long lasting memories and many talks.
