“ It has taken me several days of absorption to really grasp what has happened. Terry was a great friend and knew the conversations to have to brighten up a room. He had this presence about him that just brought joy to everyone he was around. I can't express how grateful I was for the time we got to hang and regret the times where we couldn't. He really cared about his family and wanted to do whatever was needed to make sure they were doing alright. I'm deeply saddened in this tragedy and want to let everyone in the family know I'll be praying for you and that I'll always be here for anything you need like Terry was for many others. It will be hard to continue hosting poker nights knowing he won't be there or playing fantasy football and not having someone to talk every strategy and situation out about with. I only hope that he's in heaven watching down on everyone he knew and trying to still continue sharing his presence so everyone can be joyful. I know I will truly miss him and to his family that I do know I love you guys and please please never hesitate to ask if you need something.
