“ *Becky, Janet and families, I am so sorry you have lost your mom. I know it is so hard, even though she was 96. Maybe harder because you had her so long. My memory of her is when we were in grade school. I remember long, beautiful, almost bronze colored hair and deep brown eyes. My mother, Betty Currie remembers being "room mother" with her when Becky and I were in first grade in Miss Long's room. I wish I had known her later in life. I love the picture. May God be with you during this time of sadness and stress. Glenda Currie Chiles*

“ *To Becky and Janet & family---we send our love & sympathy for a special person we have heard so much about! We met her at reunions in the past years of our lives. So little time with family, as we lived in Texas & all of you lived in Missouri. But the wonderful stories of the fun she had with daughters, going shopping & out to ladies luncheons!! Our Mother Myrtle Bilyeu Akers, always thought so much of her! In remembrance,
Patsy Akers McDonald and LaLita Akers Taylor --Dallas, Texas*

“ *My Aunt Ginny was amazing and will be greatly missed. She is the last of that generation in our family. How rich with love, humor and compassion our lives are now because of her. She was the bestest cooker and was never afraid of hard work.*

One of my memories of her is when she worked as a nurse for many years. I particularly remember her making a home visit to administer a penicillin shot to me when I was a child. I remember seeing her replace shingles on her roof at a surprising age. She made every visitor feel welcome and of course she always offered something good to eat while you were there. Her home was decorated with love and warmth. Our whole family received many blessings from her in so many ways. We will miss her but am thankful she will no longer suffer with back pain that she endured for years. May we all find comfort in knowing that she is now in a peace that surpasses all understanding.

With love, John and Sandy Roberts
